New head at UNITECHNIK ICM FZCO

Since February 2009 Hans Christian Ettengruber has been the managing director of UNITECHNIK ICM FZCO in Dubai. Ettengruber has many years of experience in the field of logistical systems and airport engineering. Stations in his career have been Carl Schenk AG, SHS Fördertechnik and CTI Systems. In his position as managing director he was responsible for the sale and project management of freight centres and material handling systems. In recent years he has been responsible for a number of projects in the United Arab Emirates.

UNITECHNIK ICM FZCO arose from the firm of ICM Airport Technics FZCO that has been present in Dubai for a number of years. Since October of 2008 UNITECHNIK ICM FZCO has its headquarters at Dubai Airport Freezone (DAFZ) and functions as the local representative of the two German firms of Unitechnik AG and ICM Airport Technics GmbH. UNITECHNIK ICM FZCO has 10 employees in Dubai. The firm carries out the following services: Sales and consultancy; Project and site management; Installation; and Service and maintenance.
